The Club has completed its fifty-eight season.

## MISSION STATEMENT

To achieve the highest level in the delivery of Aquatic Safety, Rescue and Emergency Care with the support of volunteer members within a family based environment.

## ANNUAL REPORT

The Club is a professional Life Saving organisation and has three main activities, which are:-

- Maintaining Beach Patrols on Bulcock Beach, Caloundra,
- Training and development of Members and the Public in Life Saving techniques, and
- Increase Participation & Volunteering.

The present Clubhouse was constructed in 1989 and is located adjacent to Bulcock Beach, at the western end of the beach. The Clubhouse is constructed on stumps/piles with half the Clubhouse elevated above the beach.

Equipment of the Club is modern and contains all the necessary items of Life Saving Club equipment.

The main rescue equipment being the Inflatable Rescue Boats (IRB), paddle boards and first aid equipment.

The Club maintains Beach Patrols during weekends and public holidays over the summer months of the year (September through to May).

Membership of the Club is open for application to any member of the public willing to assist the Club in whatever manner they are able (to help the Club achieve its mission) and the bulk of membership is people aged 7 to 70 years.

## **CLUB CAPTAINS REPORT**

Lynda Barry

The Club has successfully completed its 58<sup>th</sup> season. I am pleased to report that membership numbers continue to rise, particularly in the all important senior ranks, where we have gained many new members. The Clubs Junior Lifeguard program has now completed its 10th Season, and remains a strong asset to the Club, with many of our senior members, having been through the Clubs Junior Program.

Beach Patrols commenced in the September School holidays (17 September 2012) and finished on the May Day long weekend (7 May 2012), with Club Members patrolling 76 days, and performing 714 hours of beach surveillance.

During that time, members performed 460 preventative actions, 123 rescues, and 58 local laws advisory actions. An average of 8 members was on patrol each day, with the average patrol day lasting over nine hours.

According to Club records, Beach patronage increased 135%, with preventative actions increasing a similar amount, and rescues increasing 57%.

The Club implemented the Society's revised training and qualifications (awards) with all active patrolling members revising their qualification this season.

The Club has managed to purchase new equipment this season including two outboard motors, a racing ski, rescue board, shade tents and oxygen equipment.

### **Competitions**

**Club Beach Championships:** The Club held its annual beach carnival on Sunday 25<sup>th</sup> March 2012, with both Junior and Senior members competing. Events included march past, run-swim-run, beach flags, beach sprints, rescue race, paddle boards, and in-and-outs.

**RLSS Australian Pool Life Saving Championships (APLSC):** A few Club members attended the APLSC in Adelaide, South Australia during January 2012. Paul Barry attended as a competitor, Jeannie Baxter-Reid as Qld Team Coach and Lynda Barry as Assistant Qld Team Manager.

I am also pleased to report, that Club members Robbie Schwartz received an Australia Day Award, receiving a Citizen of the Year Award, for the electorate of Fisher from the Hon. Peter Slipper MP. Mr Slipper reported how on Boxing Day last year (2011) Robbie was involved in what he described as the most challenging rescue of his career, when he braced wild weather, massive waves and treacherous seas on the Caloundra Bar to rescue a kite surfer who was entangled, exhausted and in great danger. "He was wrapped up and entangled in his kite, and had to be untangled between waves," Mr Schwartz said. "It really was touch and go for a minute. It just gives me goose bumps to think about it and read the report into the incident."

I wish to thank Club members who had put an extra-ordinary effort into making the season a success.

**AWARDS**

All available awards of The Royal Life Saving Society - Australia are listed, with Club awards gained shown.

## PATROLLING

This season the Club patrolled Bulcock Beach, Caloundra, weekends from 17 September 2011 to 7 May 2012 (18 Sept 2010 to 2 May 2010 last season). Patrols were conducted from 9.00am to 5.00pm.

The Club conducted official patrols over patrol weekends and all public holidays.

Summary of Patrol:

As part of the local Council's development, a storm water drain that previously opened onto the beach, now extends underground into the water, as a result, sand has built up on the beach and it is now much wider, allowing for greater usage.

The preventative actions performed this last six months has increased as a result of better recording by Club members.

Local Laws advisory – the Club has started to record incidents where advice is given to the public in respect to local law matters (dogs on the beach, fishing in bathing reserve, smoking between the flags, etc); however recording of such advice, whilst improving, has been poor.

## **PATROLLING**

Sunshine Coast Regional Council has a high involvement in the operations of the Club. Club officials have met with Council Officers on a number of occasions regarding beach issues, and the Club holds a Patrol Service Agreement with Council.

The Council life guard service on occasions visit the Club and provide feedback and advise regarding patrol activities. Council Beach Life Guards utilise the Club facilities and equipment for weekday beach patrols.

The three groups above ensure the quality of patrols is maintained to the highest standard. Every patrol has an allocated Patrol Captain who must be qualified for control of all of the patrol functions (i.e.: IRB, Radio, First Aid, etc)

Every member, while on patrol, must wear the Club patrol uniform, which consists of red shorts, yellow shirt (with the words 'Beach Patrol') and a quartered red and yellow skull cap.

Incidents for the season were as follows:

|                     | <b>2011/12</b> | <b>2010/11</b> | <b>2009/10</b> | <b>2008/09</b> |

All First aid cases are continued to be treated in the first aid room.

## JUNIOR LIFEGUARD PROGRAM

The Club commenced its Junior Life Guard Program (similar to Nippers) in 2002 and continued it again this season. The Program is a fun environment where games and competitions are used to teach the children:-

- Water Safety,
- Basic Rescue Techniques,
- Safe Swimming Habits,
- Basic Resuscitation, and
- Team work & responsibility

The program is conducted by members of the Club and all sessions (and children) are logged and tracked. Children progress through an introductory period of basic water safety; and will then progress through the 'Swim & Survive' (*Love 2 Swim*) series of awards. This progression would be expected to take between 1 and 4 years depending of the child's age and abilities. After the Swim & Survive awards, Junior Lifeguards are named as Cadet Lifeguards, and they aim for the 'Bronze Star' award, which is a rescue award similar to the Bronze Medallion. The target age for Bronze Star is 12 years old, and once Junior Lifeguards obtain their Bronze Star, they can assist with beach patrol duties.

As the program develops, new strands have been added, to cater for the changing demographics of membership. The season a Rookie Strand was added to the program, which includes members from 13 to 14 years.

### Strands

**Junior** Aged 6 to 11 years old. Swim and Survive Series.

**Cadet** Aged 11 to 12 years old. Bronze Star award.

**Rookie** Aged 13 to 14 years old. They are encouraged to complete the Bronze Medallion in the year they turn 14. Once members complete their Bronze Medallion they are able to assist beach patrols as a qualified member.

The Junior Lifeguard Program conducts two training sessions each week:-

- Sunday morning at 8.00am (2 x 1 hour session) on Bulcock Beach
- Wednesday Evenings at 5.30pm (2 x 1 hour session) at Pathways, North Lakes

## **ROYAL LIFE SAVING MARINE RESCUE (RLMR)**

The Club purchased an aluminium boat, which was launched in September 2008, primarily for use in the Caloundra passage area. The purpose of this boat is to be a water safety boat, and assist with rescue's and preventative actions.

Due to our unique situation, many rescues the Club performs, involve water craft our Inflatable Rescue Boat whilst able to assist, are not suitable for rescue. A larger rigid hull boat would better site such situations. Funds towards the purchase were raised by members.

It is also noted that SLSA no longer operate a Jet Boat from Maroochydore, which previously covered the southern end of the Sunshine Coast.

An aluminium boat is particularly suitable for day long surveillance, monitoring and towing light craft such as jet skis and small boats; both of which an IRB is not suitable.

It is appropriate to point out that the boat does not overlap with Coast Guard functions, which are more aligned to larger yachts and pleasure craft.

As the Club is accredited with DES, the boat complies with Part 5, Div 3 of the Maritime Safety Qld Licensing legislation, in that Skippers are required (as a minimum) to hold a recreational marine drivers licence (as is the case with IRBs), and Society certification for the boat.

All boat crew and skippers must complete additional training (in addition to holding a recreational marine drivers licence). Such training is a modular based program.

## FUNDRAISING

The Management Committee agreed to provide a fundraising encouragement trophy to the member who raised the most funds for the club during the season.

## CLUB CONSTITUTION

During 2010 and 2011 the Club sought input from all stake holders in order to review its constitution. At the Clubs Annual General Meeting on 10 September 2011, a new constitution was approved and has since been registered with the Queensland Government, Office of Fair Training and Charities.

## FOUNDATION

On 1 December 1992 the Club agreed to the formation of a FOUNDATION, with the following eleven goals and conditions:

1. The aim of the Foundation is the creation of a capital fund capable of generating an annual income, part of which will be used to maintain the operation of the patrolling activities of the Club.
2. The principle to be developed by the generation of funds from sources such as legacies, bequests, donations, fundraising activities specifically designated for the purpose and transfers as approved by the Management Committee from the Club's general funds and/or fundraising activities.
3. A principle amount of \$100,000 be the initial goal.
4. Annual distribution be restricted to a maximum of 50% of the annual income generated by the Foundation.
5. Decisions on the distribution to be made by the Management Committee.
6. The signatures for the Foundation accounts be the usual Club signatories.
7. The bank books and investment receipts remain in the custody of the Club's Honorary Treasurer.
8. All expenses directly attributable to the Foundation be paid out of the Foundation.
9. All donations/bequests to the Foundation be acknowledged in the Club's Annual Report.
10. The Foundation's funds to be available to the Club general account on a loan basis, only in times of extreme financial hardship and with the approval of the Club's Management Committee.
11. These Foundation conditions to form part of the Club's By-Laws, and as such, can only be altered or repealed as per Rule 2\5 of the Club's Rules (Constitution).

On 13 May 1993 the Club started the Foundation with \$10,000 and continued with further investments.

## **Vale to Ralph Skinner & Gloraine Wade**

Ralph Skinner ('Doc') a strong supporter of the Club and Royal Life Saving Qld passed away on the 23<sup>rd</sup> November 2011. He will be well remembered for his contribution to the Club not only for his medical advice but his great moral support to members. Doc and all his family members have a strong history with the Club.

Gloraine Wade passed away on the 24<sup>th</sup> December 2011. As a mother and wife of lifesavers she also was a strong supporter with many fundraising and social events.

Members wish the families their sincere condolences.
